This is a fun and interactive beginner Spanish course. We will discuss, listen, and play our way through the Spanish language, immersing ourselves in the culture and daily life of the Hispanic people. Students will learn fundamental vocabulary and grammar concepts. In class, we will speak as much Spanish as possible. In the beginning this will be limited, but as the year progresses, students will be able to speak more and more Spanish.

Students are expected to practice Spanish 30 minutes, 4 times per week with a variety of homework including online tools, workbook, reading assignments, and videos.
