Did you know that  
**if you always do what you've always done, then you'll always get what you've always got?**  
Ha! Sounds weird, but it's true!

In less than an hour, I'll teach you how to remember the names of everyone you meet at an event using my simple three-step method: Look! Listen! Link!

Also, I'll teach the oldest memory technique in the world that few people know: The Journey Method. I taught the students in my Magic & Memory Class at Mid-Metro Academy how to recall the names of all 47 presidents using this method.

It's easy because you're only using your imagination!

So you'll learn TWO easy memory methods that only require an imagination. Learn to recall names, facts, and speeches.

Someone said to me, "I don't read. Let me know when your book is in audio format."

Hey! *It's in audio format now!*

I'm very excited about this. You can listen to the book in less than two hours. Since it's audio, you can absorb the lessons while you drive, workout, or whatever-- repeatedly. You can become a memory pro!
